

Oil and Gas Forms – New Mexico Forms Helps manage data and prepare regulatory forms.

Oil and Gas Forms – New Mexico Forms is a computer program that manages the data you use to fill in Oil Conservation Division and Bureau of Land Management forms. You enter data with your IBM compatible computer and print completed forms on your laser printer. The program then allows data to propagate from form to form eliminating the need to enter redundant information. Yet, Oil and Gas Forms - New Mexico Forms is much more than just a form filler and data management program. It also assists you in selecting the appropriate forms to file. Oil and Gas Forms - New Mexico Forms features make it an essential productivity tool.

Sample form as displayed in program.

The screenshot shows a Windows-style window titled "Oil & Gas Forms - New Mexico Forms". The active window is "Form BLM 3160-3". The menu bar includes "File", "Help", and "Exit". The toolbar contains icons for "Open", "Save", "Find", "Print", "Oper.", "Well", "F Well", and "Help". Below the toolbar, there are tabs for "Front Side" and "Back Side". The main form area displays the following text:

Form 3160-3
(July 1992)

UNITED STATES
DEPARTMENT OF THE INTERIOR
BUREAU OF LAND MANAGEMENT

APPLICATION FOR PERMIT TO DRILL OR DEEPEN

1a. TYPE OF WORK
DRILL DEEPEN

b. TYPE OF WELL
OIL WELL GAS WELL OTHER SINGLE ZONE MULTIPLE ZONE

2. NAME OF OPERATOR

On the right side of the form, there is a vertical list of sections: "5. LEASE DESIGNATION", "6. INDIAN, ALLO...", "7. UNIT AGREEMEN...", and "8. FARM OR LEASE...". Above this list, it says "FOR OMB Expires:". At the bottom of the window, a yellow bar contains the text: "F2 = Save F4 = Operator Data F6 = Import Well Info

- INCREASES PRODUCTIVITY
- ASSISTS IN COMPLIANCE
- PRINTS FORMS
- IMPROVES ACCURACY
- IS COMPREHENSIVE
